Society (AOFAS) score, the visual analogue scale (VAS) pain score, and the range of motion (ROM) of the ankle joint. At the final follow-up, 25 patients reported excellent or good results, with the mean AOFAS score of 88.3 points. The mean VAS pain score was 0.9, and the mean ROM was 71.7°. We did not observe any cases of infection, tendon rupture, skin breakdown, neurovascular deficit, or anastomotic tibialis anterior tendon tear. A subfascial reconstruction of the Achilles tendon was an effective and safe
